

European Workshop on Atmospheric Dust

Organised by the Dust Doctoral Network (Dust-DN)

12 November 2025

The **Dust Doctoral Network (Dust-DN)** is pleased to announce that **abstract submission is now open** for the **European Workshop on Atmospheric Dust**, to be held in **Cyprus**, from **20 to 22 April 2026** and we are inviting researchers to submit their abstracts.

The workshop will serve as a **forum for the scientific community** to discuss current advances in dust research, exchange ideas, and strengthen collaborations across Europe. It will also “photograph” the present state of dust science in Europe by showcasing results from the Dust-DN network and beyond.

Due to logistical constraints, participation will be limited to approximately **100 attendees**. Priority will be given to **Dust-DN partners and presenting authors**. Further details on the venue, registration, and fees will be announced soon on the dedicated page:
<https://dust-dn.cyi.ac.cy/dust-dn-workshops/workshop2026/>.

[Submit your abstract here](#)

We welcome contributions addressing, **but not limited to**, the following key topics:

Key Topics

- Dust microphysical properties and processes
- Source regions and their influence on atmospheric dust properties
- Socio-economic impacts of dust
- Dust in the global climate system

Researchers working on any aspect of **dust-related** science are encouraged to submit an abstract.

Dates to Remember

Abstract submission now open - Deadline: 1 December 2025

Notification of acceptance: 1 February 2026

Registration deadline: 1 March 2026

Funded by the European Union's Horizon Europe research and innovation programme under the Marie Skłodowska-Curie Actions Doctoral Networks (Grant Agreement No. 101119479 — Dust-DN).
